

PREVIERO N. SRL is committed to reduce its impact on the environment. We have been improving our environmental performance over time and initiate additional projects and activities that will reduce our impact on the environment

We are committed to:

REUSE, REDUCE, RECYCLE

- Prevent environmental damage or pollution incidents in all sites ensuring our working practise and to be in compliance with all relevant regulation
- Comply with all applicable UE environmental regulation
- Develop a management system in accordance with the ISO 14001 2015
- Reduce the consume of natural resources
- Develop innovative strategies and solutions to reduce the environmental impact of our plants
- Measure the main environmental KPI in order to keep them under control and, possibly, reduce waste and pollution
- Educate employees on pollution prevention
- Carry out the separate collection of waste within our building
- Send all the waste produced in our factories for recovery
